Sir:

**INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(c)**

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(c), Applicant brings to the attention of the Examiner the documents on the attached listing. This Information Disclosure Statement is being filed after the events recited in Section 1.97(b) but, to the undersigned's knowledge, before the mailing date of either a Final action, Quayle action, or a Notice of Allowance. Under the provisions of 37 C.F.R. § 1.97(c), this Information Disclosure Statement includes a certification as specified by Section 1.97(e).

Each document listed in this Information Disclosure Statement was first cited in a communication from the Japanese Patent Office in a counterpart foreign application, and this Information Disclosure Statement is being filed within three months of the mailing date of that communication.

Copies of the listed foreign and non-patent-literature documents are attached. Applicant respectfully requests that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

The following is a concise statement of relevance of the non-English-language documents:

JP 11-119875, JP 06-012144 A, JP 2000-284858 A, and JP 2000-322185 A are cited in a Notification of Reasons for Rejection from the Japanese Patent Office mailed October 31, 2006, in a counterpart foreign application ("Japanese Office Action"). An English-language translation of the Japanese Office Action is enclosed. The relevance of JP 06-012144 A, JP 2000-284858 A, and JP 2000-322185 A is discussed in the Japanese Office Action. English-language Abstracts of the Japanese patent documents are also enclosed.

The Japanese Office Action also cites and discusses JP 10-31571. However, Applicant does not list that document on the attached listing or provide a copy since it was previously cited in the Information Disclosure Statement filed December 29, 2003.

With respect to JP 11-119875, Applicant notes that its counterpart U.S. Patent No. 6,252,511 was cited by the Examiner in the Office Action dated July 15, 2005.

Applicant does not necessarily endorse the conclusions set forth in the Japanese Office Action.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the

documents as prior art against any claim in the application and applicant determines that the cited document does not constitute "prior art" under United States law, applicant reserves the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicant further reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.
